

Multiplier Event

MeTalent – YouTalent Mini-Conference

Co-funded by the
Erasmus+ Programme
of the European Union

November 21st & 22nd 2019
Westphalian Wilhelms-University Münster

The CoTalent project addresses the issue that talented students in European higher education are not sufficiently challenged. As a consequence, young people do not fully develop their talents and the skills they need to have an excellent start in society. They might even drop out of education. One way to handle this problem is to better equip teachers.

At the Multiplier Event first tools of the MeTalent Mirror and the YouTalent Spotter are presented and discussed. Participants have the unique chance to test the instruments themselves! Besides interactive workshops the conference includes three keynotes on the topic of talent development in Higher Education.

This MeTalent-YouTalent mini-conference offers you the possibility to develop competencies on talent development and honors didactics as well as further expanding an European network on honors programs.

We are looking forward to welcome you in Münster!

The conference includes a one-night stay (Thursday to Friday) and full board for participants from outside partner institutions for free.

Register via info@cotalentwizard.eu

Europe cannot afford to lose talent!
